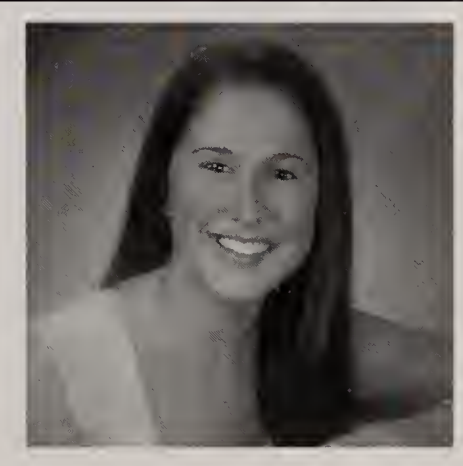
President's Message



To My Fellow Classmates,

I would like to take this opportunity to say congratulations! We have finally done it! These past four years have been amazing. Not only will we graduate with more wisdom than we had when entering high school, but we will also leave with incredible memories. The memories we created over the past four years make us who we are today.

When I reflect on our years at Somerset High, I remember the friends we made along the way. Some classmates and friends we have known our whole lives, while other friendships developed during classes, on the playing fields, or in extracurricular activities. Some of these friends will be close for the rest of our lives, while others will follow new paths and make new friends. Regardless, we will never forget the friendships shared and the memories created while at SHS.

It is hard to believe our four years are over, leaving us to pursue our dreams and see where our future will take us. We have been together through good times and bad, and we have watched one another grow into responsible young adults. We have worked together on Case Rally skits, danced at semi-formals and proms, and cheered like only SHS Superfans can at incredible sporting events. And through it all, we have shared laughs, tears, victories, and defeats.

Many of us thought this day would never come. I remember thinking that graduation was always so far away and now it is hard to believe it is actually here.

After graduation, when we will all be in different places doing different things, remember to set your goals high and always strive to achieve them. There will be obstacles that we will face, but overcoming these obstacles will only make us stronger. No matter where you go or what you do, make sure you keep those you love close to you.

Thank you, Class of 2004, for giving me the opportunity to be Class President for three years. It has meant so much to me. I cannot wait until class reunions where I will see everyone again. I could not have wished for a better group of people with which to spend the past four years. Keep growing, keep learning, and keep succeeding. Congratulations!

Sincerely,
Melissa McDonald
